

**ISSUE IS JOINED  
IN HEARST CASE  
AFFIDAVITS FILED****COUNSEL FOR DEFENSE OF  
COUNCIL OF DEFENSE  
QUOTES EXACT STATE-  
MENTS ON WHICH ACTION  
HAS BEEN TAKEN**

Lawyers for Hearst entered a supplemental plea for injunction in the federal court Thursday morning based on paragraphs in the War News of July 26, and a statement of Charles Springer quoted in the State Record. Plaintiff alleges that statements attributed to Springer are an attempt to influence the court and in contempt. The Hearst plea states that he believes the Record to be an organ of the Republican party.

A supplementary answer was filed by the defense council denying all allegations and conclusions of the plaintiff.

Attorney General Patton filed a separate answer. Issues were joined in the Hearst injunction proceedings against the state council of defense, et al., yesterday with the filing of an answer by the defense, showing cause why they should not be immediately enjoined from the alleged boycott of publications in New Mexico.

Affidavits of several defendants accompanied the answer, and were to a large extent admissions of the allegations set up by Hearst in his prayer for a restraining order. In addition, the reasons for taking such action as the council of defense admits, on the part of themselves and on the part of employees in a personal capacity are set forth at length, and form an interesting study in the form of excerpts from the Hearst press both before America entered the war and since that time.

Quotations from actual Hearst editorials and descriptions of cartoons which the defense strongly insists are un-American, anti-British, and pro-German are presented. We append a number of the salient and informing paragraphs from the affidavit filed by Catharine Smith, publicity agent of the state council. The public has asked in effect "what are the specific utterances of Hearst that the authorities have deemed to be contrary to public policy during war time?" and the following excerpts answer that question:

The affidavit says that not longer ago than about June 13, 1918, he, the affiant, had a conference lasting more than two hours with Howard E. Morton, city editor of Hearst's Los Angeles "Examiner," and that in the course of that conversation, the said Morton told the said affiant that all of the national editorials of the Hearst newspapers are prepared in New York, and by the said New York office distributed for publication to all the other Hearst newspapers.

Affiant declares he was unable to believe that Hearst had any respect for, or faith in, the present Administration, the head of which had been so brutally assailed in many more than one instance. The affiant recalls that in 1914, the said Hearst, through his Los Angeles "Examiner," said of President Wilson, in substance and effect:

"The President of the United States has made an unconditional surrender to Great Britain. He has been a servile, truckling tool of the British Empire. He is a traitor to America."

Affiant declares that the branding of the President of the United States as a traitor to America, by the said Hearst, did not end with this editorial, which was one of many of the same general tenor, but was extended and amplified through cartoons. Affiant calls particular attention to a cartoon, by Powers, in the New York "American" of March 6, 1914, labeled: "AND WHY NOT?" showing President Wilson, dressed in suit and cap of paid, affixing the United States to a rope, the other end of which holds America fastened to the British crown; to a cartoon, by McCay, in the New York "American" of March 7, 1914, labeled: "DON'T GIVE UP THE SHIP," which has since become the keynote of the American Navy; to a cartoon, by McCay, in the New York "American" of March 7, 1914, labeled: "In the Name of King George!" showing President Wilson in the uniform of a British officer and carrying the British flag, stepping upon the shore of America, having just landed from a small boat, a British man-of-war at anchor nearby, with the following explanatory and insulting words under the drawing: "Historical painting, date 1913, showing the advance of the British, under the leadership of Lord Woodrow, for the subjugation of America. Artist's Note: The Hessians were selected to lead this advance to make amends for their ill-treatment by General Washington at Trenton, N. J., in 1776."

The affiant further recalls and says that some two years later the

said Hearst, through his New York "American," on February 24, 1916, to be exact—was still making savage and unwarranted attacks on President Wilson, and that the following was one of such attacks:

"This country is going to be plunged into war, we do not want a schoolmaster in the White House, but a soldier."

We do not want a theoretical man like Wilson, but a practical man like Roosevelt, for the President is the commander in chief of our military forces.

If we are going to make war with Germany, we want a commander in chief who knows his business, and not a vacillating incompetent who doesn't know either his business or his own mind.

If we are compelled to mingle in this conflict of European powers, this newspaper desires to declare right now that the one man it will support for President under such circumstances is Theodore Roosevelt.

But this newspaper sincerely hopes that this country will not be projected into the European turmoil, and that Mr. Wilson will realize the folly of such a course.

With such hostility to President Wilson so unmistakably expressed in a number of instances, the affiant says he found it utterly impossible to have faith in the protestations of loyalty made during recent months by the said Hearst through his newspapers.

The Hearst publications had been openly and bitterly anti-British prior to America's entrance into the war, affiant says, and he believes that the following single expression from Hearst's "Deutsches Journal" of February 16, 1917, will show conclusively the venom of the Hearst feeling toward Great Britain:

"German thought would perish if England were victorious."

England stands today as the devil incarnate, as the anti-Christ of all cultures.

**ANNUAL MEETING OF THE  
BAR ASSOCIATION, PLANS**

The New Mexico Bar Association will meet in Albuquerque on the 29th of the month in annual assembly. A program has been arranged by the local committee including papers by Dr. David R. Boyd, president of the state university on "Education for Citizenship," John Venable on "The Bar Association," and Colonel Ralph E. Twitchell of Santa Fe on "The Founding of Spanish Cities and Villages in New Mexico." Patriotism will feature the meeting.

The Rotary Club, Kiwanis Club and members of the bar in Bernalillo county will act as hosts at a banquet on the evening of the 29th.

**BURNING ISSUE ARISES  
—OLD ISSUES TO BURN?**

Whether old warrants, bonds, coupons, and other evidences of debts that have been paid by the state the past year are to be burned or kept on file in the office of the treasurer is a question which has arisen this week with the refusal of Governor Lindsey to sign the certificate of expenditures presented by State Treasurer Hall covering the fiscal year just completed.

Mr. Hall has been in the habit of filing these papers, and in the opinion of the governor they should be burned. In the belief of Assistant Attorney General Hatch whose advice the governor sought in the matter, they latter course should be followed. And there the matter stands.

The treasurer report shows that the gross expenditures of all funds in the state the past year was \$2,954,381.61.

**TEACHERS FARE REQUEST  
PUT UP TO MR. MCADOO**

W. J. Black, general traffic manager of the Santa Fe has refused to grant a rate of one fare for the round trip for the state teachers convention this fall, sustaining the decision of the Topeka offices. M. S. Groves chairman of the state corporation has taken the matter up with director general McAdoo of the federal railway administration presenting the fact that the convention is one of the important events in New Mexico and is essential to the continued betterment of rural school conditions which has been stressed by some of the government departments as a necessary war measure. About 2100 passengers are involved.

**PUBLIC MEN UNITE TO  
GET SANATORIUM HERE**

Congressman William B. Walton and Governor Washington E. Lindsey, members of the order of the Knights of Pythias, are among those who have assured Hugh Williams of their support in the effort which he is directing to secure the establishment of a Pythian national sanatorium for the treatment of tuberculosis among members, somewhere in New Mexico.

John J. Brown supreme chancellor of the order was addressed by the governor in a lengthy letter this week setting forth New Mexico's preeminence as a desirable locality for the projected institution.

**SANDOVAL SULPHUR  
DEPOSITS TO BE EXPLORED**

The sulphur deposits on the Canyon de San Diego grant are to be thoroughly prospected by a company recently organized for that purpose. Diamond drill tests of the most thorough character are to be made at once in the holdings which are in the Jemez mountains, 60 miles north of Albuquerque and forty miles west of Santa Fe. If the field proves out, a railroad will be immediately run into the grant from Bernalillo and the industry developed to the fullest capacity.

Several tons of drilling machinery were unloaded Monday and will be sent up to the grant by motor truck. Edward Enderle, formerly state geologist of Louisiana, will superintend the drilling operations.

**EDUCATORS WILL  
BE CALLED HERE  
FOR CONFERENCE****WIN THE WAR AND PREPARE  
THE YOUTH FOR RESPONSIBILITIES AFTER FREEDOM'S CAUSE IS SERVED IS OBJECT**

Efficiency in the school room for the dual purposes of winning the war now, and for preparing the future citizenship of the nation, will be the subjects emphasized in a conference of teachers, superintendents, school boards and others to be held in Santa Fe on August 15, 16, and 17.

At the suggestion of federal commissioner of Education, P. P. Claxton state superintendent Wagner has issued the call. Dr. W. H. Focht will represent the government and will bring messages of value. County and city boards are requested to send representatives to this important conference.

**CONFERENCE ON EDUCATION**

To State, County, and City Boards of Education; Presidents of State Institutions, Superintendents, Principals and Teachers.

The Department of Interior through our Commissioner of Education, the Honorable P. P. Claxton has undertaken a nation-wide campaign for the purpose of maintaining schools in their full efficiency during the war and has indicated in a recent letter to our Department of Education his desire for a conference to be held at the State capital the middle of this month. We have decided to call this conference on education for August 15th, 16th and 17th, and have invited all the administrative school officials and representatives of other agencies of this state to this conference.

The importance and purpose of this meeting is so fully stated in Commissioner Claxton's letter that we publish herewith his letter in full:

"There are before us now just two matters of supreme importance: To win the war for freedom, democracy and peace, and to fit ourselves and our children for life and citizenship in the new era which the war is bringing in. To meet the present emergency in education, the Department of the Interior, through the Bureau of Education, is undertaking, with the cooperation of many agencies interested in this matter, a nation-wide campaign for the purpose of maintaining schools at their full efficiency during the war. The campaign cannot be effective without the leaders of public opinion in all the states. I am therefore desirous of having in each State at the State capital, as a part of this campaign, a conference on education—the conference to be held during the latter half of the month of August. To this conference should be invited representatives of all organizations, such as State and local councils of defense, chambers of commerce, religious societies, women's clubs, the State grange, farmers' unions, administrative school officers and others, and wide publicity should be given to the proceedings of the conference through the press of the state."

"This campaign has the endorsement of the administration, and is in harmony with the policy of the administration. The functions of education shall not suffer because of the war, and no boy or girl shall have less opportunity for education than he would otherwise have had. You will receive in a few days copies of statements and circulars setting forth the policy of the administration on this subject, which however I am sure you already know."

"Will you kindly let me know at your very earliest convenience if you will call such a conference in your State and what this Bureau can do to assist you in it. Dr. H. W. Focht, the Bureau's Specialist in Rural School Practice, would be our representative at such a conference. It is held on August 15. I am sending a copy of this letter to the Governor of the State."

Dr. H. W. Focht who will represent the Bureau of Education at this conference is one of the foremost school specialists in this country. He is not a stranger to New Mexico having made a survey of our school conditions about three years ago. For the past year he was loaned by the Bureau of Education to the Canadian Government to do some constructive work in school organization in some of the provinces.

In addition to Dr. Focht we shall have with us for this conference C. V. Williams, representing the Federal Board for Vocational Education. We had arranged for Mr. Williams to be here in conference with the State Board of Education and representatives of Smith-Hughes schools in the state before we received Mr. Claxton's letter. It is therefore as originally planned will be enlarged in the scope to become a state-wide conference.

This announcement of the conference is sent out with the request that county and city Boards of Education send the superintendent and if possible a member of the board, and the presidents of our State Institutions be here to take a part and that other organizations indicated in Mr. Claxton's letter send a representative to this meeting. A more detailed program will be announced before the conference.

Very truly yours,  
Jonathan H. Wagner,  
Superintendent of Public Instruction.

**LINDSEY NOW OUT  
FOR REPUBLICAN  
NOMINATION****GOVERNOR THROWS HAT IN  
RING AND SETS OUT REASONS WHY HE SHOULD BE  
CONTINUED IN THE OFFICE  
HE NOW HOLDS**

To The Republicans of New Mexico:  
The lamented and untimely death of Governor E. C. DeBaca, at almost the inception of his term of office, elevated me to the office of Chief Executive of the State at the beginning of the last third of a general session of the Legislature which adopted resolutions and enacted legislation of far-reaching consequence to the people of the State.

Among such resolutions is that which proposed an amendment to the Constitution of the State, prohibiting the manufacture or importation for sale, barter, or gift of any alcoholic liquors, in the State, after

GOVERNOR W. E. LINDSEY

October first, the present year, and which resolution was adopted at the November 1917 election by a majority of more than sixteen thousand votes.

Among such laws is that providing the modified form of the so-called Australian ballot; that providing for a State Budget; that providing for workmen's compensation; that providing for the reformation of juvenile delinquents; that providing for the consolidation of rural schools; that providing for the care, disposition and investment of revenues from State lands; as well as many others. After the Congress of the United States had declared a state of war to exist between the United States of America and the Imperial German Government, the Legislature was called in extraordinary session, and in the brief period of eight days, enacted such legislation as has enabled the people of the State to keep, proportionately, in the forefront among the States of the Union in furnishing men, money, food, munitions and loyalty for the prosecution of the war.

The tremendous accession of labor incident to the administration of the Selective Service Law and other National war requirements has taxed the energies of all our people, by no means excepting the Chief Executive.

The time is now approaching when my successor will have to be elected. After mature deliberation and in answer to the solicitation of numerous fellow citizens who have been interested in the continuance of honest and efficient government for the State and the unrelenting prosecution of the war to a speedy and victorious peace for the Allies, I have decided to ask the delegates to the party nominating convention to elect me as their party candidate for the office of Governor at the coming November election.

Many matters of prime importance to the people of the State will have been barely begun in the less than two years of the present administration. The provisions of the new constitutional intoxicating liquor prohibition will have to be enforced. It goes without saying that they will be better enforced by those convicted of their righteousness than they will be by those obliged to qualify by fresh pledge. It would be preposterous to assume that the splendid majority of the franchise cast at the last election for the proposition will stand for the election of any candidate to the office of Chief Executive whose record on that subject is not beyond question.

An opportunity for trying out the provisions of the State Budget law will be first afforded at the beginning of the next coming administration.

Prosecution for the recovery of monies wrongfully obtained from the State, first discovered on the second day of the present executive incumbency, just now under good headway, will have to be pushed to conclusion.

The war work, thus far so successfully carried on, must not be permitted to lag. Every energy and every resource at the command of our people must be devoted and furnished up in support of the National administration for the speediest possible ending of this most bloody and destructive conflict by the utter defeat of the enemy.

Should I be nominated and elected to succeed myself I propose to devote my whole energies to the accomplishment of the foregoing outlined purpose and such other purposes as the vicissitudes of the time and the voice

of an informed public opinion demand.

The Republican party in New Mexico is responsible for the legislative resolutions and enactments herein mentioned. Personally, I have done, am doing, and will continue to do the very best I can; the very best I know how. The division of the elective State offices between members of the two dominant and, to some extent, antagonistic parties, has, in my opinion, hampered the success of the administration; but, upon the whole, I am confident that notable advancement has been achieved. I am furthermore, confident that if given the next succeeding constitutional term as Governor, and the support of our good people, I will be able to materially aid the State to progress according to the demands of an enlightened public intelligence.

I feel free to ask the support of all the Republicans who endorse the constructive work of the only Republican administration the State of New Mexico has had and who believe we should enter the campaign with a record as a party of performance. The records of the office of the Governor, during my incumbency, are an open book. I will confidently submit it to the clear conscience and good judgment of the enfranchised citizenship of this State to win an election, if nominated as the candidate of the Republican party.

Sincerely and Faithfully,  
W. E. LINDSEY, Governor.

**INSANITY PLEA IS ONLY  
POSSIBLE CHANCE TO LIVE**

A. B. Smith who sometimes went by the name of Daddy, sentenced to be hanged on the 15th of this month in Dona Ana county will receive no reprieve says Governor Lindsey in a letter to the attorneys of the convicted man on Monday. His only hope would be to substantiate a plea of insanity he has been raised.

Jesse O. Starr convicted for the same offense, the murder of Sheriff Dwight Stevens, is to hang on the 23rd, in the face of intercession by influential parties to obtain a pardon from the governor.

In his statement covering the cases the governor said he does not want New Mexico to gain a name as a refuge for criminals, and believes it in the interest of public safety to allow the processes of law to pursue their course.

**VOLUNTEERING IN ARMY OR  
NAVY IS IMPOSSIBLE NOW**

Washington, Aug. 8.—Voluntary enlistment in the army and navy were suspended completely today to prevent disruption of industry pending disposition of the bill proposing to extend draft ages to include all men between 18 and 45 years. Orders were issued by Secretaries Baker and Daniels directing that no voluntary enlistments be accepted after today until further orders.

The orders also exclude civilians from appointment to officers' training camps until further notice. The orders were issued after a conference between Secretary Baker and President Wilson had visited the offices of both secretaries late in the day. It is not known whether his visit had to do with the enlistment situation but before he conferred with the cabinet officers, the president was in the White House. A step of such drastic nature was anticipated.

**View of the Government.**

It was explained that the view of the government is that many of the older men are indispensable in their present occupations but the natural result of the debate on the draft age question is certain to lead to a rush to the recruiting officers. It is regarded as essential that men greatly needed at home should be prevented from rushing into the army under a mistaken idea that they are certain to be drafted anyhow and prefer to join the service voluntarily.

**OIL DISCOVERY IN SAN  
JUAN DRAWS MANY PEOPLE**

Aztec, N. M., Aug. 6.—Hundreds of persons from all over this part of the country are hastening here following the finding of oil in the San Juan basin at depth of 8000 feet. Announcement of the strike in the Flora Vista well has caused great excitement, not only in the immediate vicinity of Aztec but all over southern Colorado. Expect to see a rushing of auto loads of people to town.

Geologists had estimated that, if oil were in the basin, it would be at a depth of 1700 feet. Finding it at half that depth is accountable for much of the belief that this is going to be the next great oil field of the country. Experts on the ground are of the opinion that when the Flora Vista well is shot, it will develop a capacity of 200 barrels at the minimum.

Late in the week the workmen struck a strong flow of gas which was at once declared to be of exactly the gravity which has always been present in the strongest fields. The next day drilling continued and the sands showed more oil than at any previous time.

**GAMBLING NOT ILLEGAL  
BUT OPERATORS GUILTY**

Assistant attorney general Hatch in response to a request from Governor Lindsey for an interpretation of the gambling statutes in New Mexico this week issued an opinion that the state law repealing all former laws on the subject does not say anything about the legality of gambling except that those who "conduct or operate" a game of chance are culpable.

The information it is understood was sought with especial reference to the cowboy round-up being held in Magdalena this week.

**YANKS IN FRANCE NEAR  
ONE AND THIRD MILLION**

The War Department at last tells how many soldiers there are in France. Fritz can figure from this how long he will be able to keep them out of Berlin.

America's declaration of war was signed April 6, 1917. In May 1, 1918 soldiers were sent over. These were rapidly increased from month to month until by July 31 we had 1,324,115 in France. We are not saying anything about Italy and those in England either. Kaiser Bill can amuse himself by calculating how many will be over in another six months.

Here is the table:

1917	Sent	Total
May	1718	1718
June	12,261	13,979
July	12,988	26,967
August	18,323	45,290
September	32,623	77,913
October	38,259	116,072
November	23,016	139,088
December	48,840	187,928
1918		
January	46,776	234,704
February	48,027	282,731
March	83,811	366,542
April	117,212	483,754
May	244,345	728,099
June	276,372	1,004,471
July	305,000	1,309,471
Marines	14,644	1,324,115

**DRIVE FOR Y. M. C. A. TO  
BE HELD DURING OCTOBER**

New Mexico is to raise \$134,400 of a fund of \$115,000,000 for Y. M. C. A. war work in America during October. The quota for Santa Fe county is \$3950. Of the total amount \$15,000,000 is to go for Y. W. C. A. war activities.

Federal Judge Colin Nebbett will be chairman for this county assisted by Ralph H. Henderson, Paul A. F. Walter, Chas. Probstel, George H. Van Stone and Mrs. Reed Holloman.

The quotas by counties follow:  
Bernalillo \$7,500  
Chaves 7,400  
Coffey 10,615  
Curry 3,950  
De Baca 2,370  
Dona Ana 7,500  
Grant 11,000  
Eddy 3,555  
Guadalupe 3,950  
Lea 2,370  
Lincoln 3,555  
Luna 5,135  
McKinley 4,345  
Mora 3,950  
Otero 3,950  
Quay 4,740  
Rio Arriba 3,160  
Roosevelt 3,950  
San Juan 1,480  
San Miguel 8,205  
Sandoval 1,975  
Santa Fe 3,950  
Sierra 2,370  
Socorro 6,330  
Taos 1,975  
Torrance 3,555  
Union 5,135  
Valencia 6,330

**GREAT BRITAIN HAS  
FURNISHED ARMY OF  
7,500,000 SOLDIERS**

New York, Aug. 4.—Great Britain's contribution to the success of the allies was made public here Saturday, on the eve of the fourth anniversary today of the united kingdom's entrance into the war, by the British bureau of information of the British war mission.

Staggering figures are revealed by the bureau which points out that Great Britain and her colonies have raised 7,500,000 soldiers, of whom 500,000 have been slain and two million are wounded or missing England herself, it is said, has furnished 60 per cent of the fighters and suffered 76 per cent of the casualties.

It has been estimated, the bureau says, that Britain has fought on recent fronts during the past four years, including Belgium, France, Italy, Serbia, Greece, Russia, Palestine, Mesopotamia, China and north-east and west Africa.

The ministry of munitions now handles 50,000,000 articles a week and in addition to more than ninety arsenals, Great Britain now has 5,045,000,000 men, 2,000,000 horses and mules, 500,000,000 cannon, gun carriages and other vehicles, 25,000,000 tons of explosives, 51,000,000 tons of oil and fuel, and 130,000,000 tons of food and other stores.

**BEAN GROWERS WILL MEET  
IN LAS VEGAS AUGUST 15**

Albuquerque, Aug. 7.—The New Mexico Bean Growers' association will meet at Las Vegas August 15 for permanent organization and election of officers. E. McNabb of the bureau of markets of the State College, announced today. The state organization was formed in Albuquerque on June 10 and since that time thirteen local associations have been organized. Representatives from these local bodies constitute the executive board of the state association.

**CERTIFICATES FOR WAR  
WORK COME TO \$50,000**

State treasurer Hall announces that bids for state certificates of indebtedness in the sum of \$50,000 will be received by his office up to September 3. The money it is announced will be required for the ordinary war work of the State Council of Defense.

**BLANCETT HANGING WILL  
PROCEED, NO NEW TRIAL**

The motion for a new trial by attorneys of E. W. Blancett convicted of the murder of Clyde D. Armour, was denied by the state supreme court this week. Blancett is to hang next Thursday barring the possibility that Governor Lindsey will commute the sentence.

**HANNA BOOM BEGUN  
LUCERO WOULD RUN  
IS WALTON DONE?****DEMOCRATIC SAGE SUP-  
POSES JOHN CLARK AND  
GOVERNOR LINDSEY ARE  
OUT OF LINE WITH THEIR  
PARTY**

It is now said that Richard H. Hanna of Santa Fe is the most likely candidate of democracy in the state to oppose A. B. Fall for reelection. A. A. Jones is declared to be in favor of Hanna for the place, and of Elmer E. Vedler for the governor race. Senator Jones is expected by democrats to be in the state soon, bearing credentials from the administration authorizing him to tell the faithful where to get off and on.

That A. W. Pollard of Deming is being mentioned for the chairmanship of the Republican party is asserted in some quarters that are under the influence of democratic central committee inspiration, whence come also hopes expressed as prophecies that John S. Clark present republican floor leader in the state senate and Governor Lindsey premeditate a bolt from the party. Of course this report like that of the premature announcement of Mark Twain's death is "very much" exaggerated.

Some prognosticators expect to see Theodore Rount, Jr., pitted against state highway commissioner, Will Atkinson of Roswell for state land commissioner. Others are confident that Fred Muller will be the candidate.

That William B. Walton, present congressman from New Mexico will be content with a certain federal appointment and will not ask the nomination to succeed himself is a substantiated rumor, and of course Secretary of State Antonio Lucero will consent to run for congress in his stead. In the event of a premature withdrawal the party managers will be able to break up the Walton-Lucero combination for senator and congressman and thus open the way for a democratic ticket dictated by themselves instead of formed by a combination of different delegations made among themselves for the benefit of their respective favorites.

**130,207 MEN ARE CALLED TO  
CAMPS BY GEN. CROWDER**

Washington, Aug. 8.—Calls for 130,207 draft registrants, qualified for general military service to join the colors before the end of August were issued tonight by the provost marshal general. One hundred thousand white registrants from forty-three states are ordered to be retained between August 26 and August 30. Twenty-one states and the District of Columbia are directed to furnish 30,207 negro registrants to entrain August 22-24.

Following are some of the states from which the white men now called will come, and the camp to which each quota is assigned:

Arizona 300, Camp Pike, Ark.  
California 2,375, Camp Lewis, American Lake, Wash.  
Colorado 800, Camp Lewis.  
New Mexico 1,000, Camp Pike.  
Oklahoma 7,000, Camp Pike.  
Texas 4,000, Camp Travis, Tex.

**STATE NOW EMPLOYING  
639 MEN ON THE ROADS**

A compilation made by State Engineer James A. French on Wednesday, shows that 639 men are at work in 27 counties on state roads. Two horse teams to the number of 155 and 29 mule teams and 9 tractor trucks are in service. In Chaves county the road work is being done by contract, and is not included in this total.

Grading and surfacing, and clearing roads of sand are the classes of work mentioned. Mr. French left yesterday for an inspection of the roads in Socorro county.

**A Call To Duty**

From the battle fields in France there comes an unbroken call that should find an answer in every American's heart. The recent great events in Europe, the successes of American arms on the fields of France should spur every American to greater effort.

Our people at home should not rest on the laurels of our soldiers in France. Every death on the field of honor in the line of duty and for our country's cause should be a call to us for every sacrifice and every exertion to aid the cause for which our soldiers are fighting, for which our soldiers have died.

Increase production, decrease consumption, save, and lend to the Government. Every cent lent to the United States is used to support, strengthen, and aid our soldiers in France.—Treas. Dept. Bul.

**You Are Doing It.**

Every time you read, you purchase of Liberty Bonds and War Savings Stamps, of what the United States is doing in France in building wharves and railroads, or deluging the Germans with gas or shelling them out of position with big guns or shrapnel, or of bombing their arsenals or cities, or of the great work of our Army and our Navy, or of the building of ships here, or of any or all of the great or small achievements of America, here or abroad or on the seas, you buyers of Liberty Bonds and War Savings stamps truthfully can say, "I had a hand in this"; "I contributed to this"; "I am helping do this"; "It is part my work."—Treas. Dept. Bulletin.
